

Diagrama de un edificio con cubierta vegetal y ventilación cruzada. El edificio tiene una cubierta plana con una capa vegetal. Se muestran flechas azules que indican la ventilación cruzada a través del edificio. Hay una etiqueta 'cubierta vegetal' y otra 'ventilación cruzada'. A la derecha, se muestra un detalle de la cubierta con una inclinación y una etiqueta 'aprovechamiento asoleado' con flechas amarillas que indican la incidencia de la radiación solar.

PLANTA ENTORNO ESCALA 1/400

This architectural site plan, titled 'PLANTA ENTORNO' at a scale of 1/400, illustrates a residential development. The central focus is a long, narrow building footprint with a complex internal layout of rooms and corridors. This building is flanked by two large, rectangular courtyards. The courtyards are landscaped with numerous trees, represented by circular outlines with internal patterns, and are connected by a network of paths. The surrounding context includes various other building footprints, some with hatched patterns, and open spaces. The plan is oriented with a north arrow in the top right corner.
