

INDEX

1. INTRODUCTION.....	1
2. OBJECTIVES.....	79
3. SCIENTIFIC CONTRIBUTION.....	83
3.1 <i>CHAPTER 1. Identification of cocoa components out of normative limits or non-declared ingredients in cocoa powders.....</i>	<i>87</i>
3.1.1 Article I. Fast detection of cocoa shell in cocoa powders by Near Infrared Spectroscopy and multivariate analysis.....	89
3.1.2 Article II. Rapid fraud detection of cocoa powder with carob flour using near infrared spectroscopy.....	109
3.2 <i>CHAPTER 2. Prediction of the content of bioactive compounds of cocoa powders.....</i>	<i>139</i>
3.2.1 Article III. Changes in methylxanthines and flavanols during cocoa powder processing and their quantification by near-infrared spectroscopy.....	141
4. GENERAL DISCUSSION	169
5. CONCLUSIONS AND FUTURE PERSPECTIVES.....	175
