

Índice

Resumen	1
Resum.....	3
ABSTRACT.....	5
Acknowledgements	6
Content.....	8
List of figures	11
List of Tables	11
Capítulo 1. Introducción.....	12
Motivación.....	12
Pasado y presente la neurociencia en marketing.....	12
Técnicas más relevantes en los estudios de neuromarketing.....	13
La neuroimagen.....	14
Emoción, atención y memoria en la publicidad.....	21
Objetivos.....	23
Estructura de la tesis	24
Capítulo 2. The background music-content congruence of TV advertisements: A neurophysiological study.....	24
Abstract.....	24
Introduction	25
Literature review	26
Methodology	31
Results.....	35
Discussion and implications	41
Conclusions, limitations and further research	43
Capítulo 3. Do you see what I see? Effectiveness of 360-degree vs. 2D video ads using a neuroscience approach.	44
Abstract.....	44
Introduction	45
Conceptual framework.....	46
Peripheral processing route of advertising.....	48
Interactive advertising and visual attention.....	50

Material and Method	53
Sample.....	53
Experimental design and stimuli	54
Measurement of the neurophysiological responses	56
Emotions: Electrodermal activity and facial coding.....	57
Results.....	57
Discussion, conclusions, and implications	62
Capítulo 4. Consumer Neuroscience-Based Metrics Predict Recall, Liking and Viewing Rates in Online Advertising.....	66
Abstrat.....	66
Introduction	66
Established Methods in Advertising Research	69
Neurophysiological Tools in Advertising Research.....	69
Hypothesis Development.....	70
Materials and methods	72
Participants and Design.....	72
Pretesting and Stimuli	74
Data Recording and Processing	74
Cerebral Recording (EEG).....	74
Heart Rate Variability	76
Eye Tracking	77
Questionnaire.....	78
Statistical Methods	78
Artificial Neural Networks	78
Results.....	79
Biometric Mean Comparison.....	79
Brain Response Comparison.....	79
HRV Response Comparison	79
ET Response Comparison	79
Predicting Ad Effectiveness on the Internet with ANN	80
ANN for Estimating the Number of Online Views.....	82
Discussion.....	84
Conclusion.....	86

Capítulo 5. Discussion	87
La neurociencia del consumidor como metodología para la medición de la efectividad en la publicidad. (v1).....	87
La neurociencia del consumidor como metodología para la medición de la efectividad en la publicidad. (v2).....	¡Error! Marcador no definido.
Usar neurociencias y el machine learning en el neuromarketing.	89
Capítulo 6. Conclusión	90
Journal papers.....	91
Congresos	92
Referencias	93
