

Index

1. Introduction	1
2. Objectives	11
3. Chapter 1: Calcium dynamics, <i>WUSCHEL</i> expression and callose deposition during somatic embryogenesis in <i>Arabidopsis thaliana</i> immature zygotic embryos	13
4. Chapter 2: Calcium dynamics and modulation in carrot somatic embryogenesis	37
5. Chapter 3: Dynamics of nuclear calcium during somatic embryogenesis in tobacco (<i>Nicotiana tabacum</i>)	66
6. Chapter 4: The highly embryogenic <i>Brassica napus</i> DH4079 line is recalcitrant to <i>Agrobacterium</i> -mediated genetic transformation.....	79
7. Chapter 5: Modulation of Ca ²⁺ in <i>Brassica napus</i> microspore embryogenesis	99
8. Discussion	123
9. References	131
10. Conclusions	138
