Dedication	III
Acknowledgments.....	V
Abstract	VII
Resumen.....	IX
Resum.....	XI
About this document	XIII
1. Introduction	1
Preamble.....	1
1.1 Motivation: Need for Optimal Sewer Systems.....	1
1.2 Current Needs	2
1.2.1 Wastewater	3
1.2.2 Stormwater	6
2. Sewer Networks Design (SND)	9
Preamble.....	9
2.1 SND Description	10
2.2 Problem Definition	10
2.3 Problem Size.....	14
2.3.1 Series of Pipes	15
2.3.2 Sewer networks.....	16
2.3.3 Comparison and Growth.....	16
2.4 Cost Equations.....	17
2.5 Constraints	20
3. Sewer Network Layout Selection and Hydraulic Design Using a Mathematical Optimization Framework	23
Preamble.....	23
3.1 Introduction	23
3.2 Problem Statement and Definitions.....	26
3.2.1 Layout Selection	27
3.2.2 Hydraulic Design.....	28
3.3 Methodology.....	28
3.3.1 Layout Selection Model.....	29
3.3.2 Layout Representation as a Tree-Like Directed Graph	31
