

INDEX

I. INTRODUCTION	1
I.1. Origin, Botany and Morphology	3
I.2. Production and Economic Value	6
I.2.1 Worldwide Production	6
I.2.2 Production in Spain	8
I.3. Maturation and Fruit Quality	10
I.3.1 Physiological Changes During Maturation	10
I.3.2 Harvest Time	12
I.3.3 Prolonging the Harvest Period. Application of Phytochemicals	13
I.3.4. Relation Between Mineral Nutrition and Fruit Quality	15
I.3.4.1 Nutrient Fertilization	15
I.3.4.2 Farming Management	16
I.4. Postharvest Technology	17
I.4.1 Deastringency Treatments	17
I.4.2 Cold Storage and Chilling Injury	19
I.5. Strategies to Valorize Persimmon Production	22
I.5.1 Postharvest Losses and Current Production Challenges	22
I.5.2 Drying Technology	23
II. OBJECTIVES	37
III. RESULTS	41
<i>III.1. PRE- AND POSTHARVEST ASPECTS RELATED TO THE PERSIMMON FRUIT QUALITY</i>	43
<u>CHAPTER I</u>	
Leaf and Fruit Nutrient Concentration in ‘Rojo Brillante’ Persimmon Grown under Conventional and Organic Management, and Its Correlation with Fruit Quality Parameters Reference: <i>Agronomy</i> , 2022, 12(2), 237.	45
<u>CHAPTER II</u>	
Ionic Concentration and Metabolomic Profile of Organically and Conventionally Produced ‘Rojo Brillante’ Persimmon <i>Pending submission</i>	79

<u>CHAPTER III</u>	
Effect of Preharvest 1-MCP Treatment on the Flesh Firmness of ‘Rojo Brillante’ Persimmon	107
Reference: <i>Horticulturae</i> , 2022, 8(5), 350.	
<u>CHAPTER IV</u>	
Slight Changes in Fruit Firmness at Harvest Determine the Storage Potential of the ‘Rojo Brillante’ Persimmon Treated with Gibberellic Acid	121
Reference: <i>Horticulturae</i> , 2022, 8(2), 140.	
<u>CHAPTER V</u>	
Structural Changes Caused by CO ₂ or Ethanol Deastringency Treatments in Cold-Stored ‘Giombo’ Persimmon	145
Reference: <i>Agronomy</i> , 2022, 12(10), 2464.	
III.2. DRYING AS A NEW STRATEGY TO VALORIZE DISCARDED PERSIMMON FRUIT AND PRODUCTION SURPLUS	163
<u>CHAPTER VI</u>	
Physico-Chemical and Microstructural Changes during the Drying of Persimmon Fruit cv. Rojo Brillante Harvested in Two Maturity Stages	165
Reference: <i>Foods</i> , 2020, 9(7), 870.	
<u>CHAPTER VII</u>	
Influence of Temperature on ‘Rojo Brillante’ Persimmon Drying. Quality Characteristics and Drying Kinetics	197
<i>Pending submission</i>	
IV. GENERAL DISCUSSION	227
V. GENERAL CONCLUSIONS	247
