Abstract.....	11
Resumen	15
Resum	19
CHAPTER 1 Introduction	23
CHAPTER 2 Decision Support Systems for Forest Management: a comparative analysis and assessment.....	29
Abstract.....	29
2.1 Introduction	30
2.2 Literature review and objectives	31
2.3 Methods.....	44
2.4 Results	47
2.4.1 Distribution of forest problems by dimension	47
2.4.2 Distribution of forest problems by models and methods	51
2.5 Discussion	55
2.6 Conclusions	59
Acknowledgments.....	60
CHAPTER 3 Sustainable Forest Management in a Mediterranean region: Social preferences	61
Abstract.....	61
3.1 Introduction	62
3.2 Material and Methods.....	65
3.2.1 The Analytic Hierarchy Process and Goal Programming models	65
3.2.2 Experts, stakeholders, workshop and surveys.....	66
3.3 Results	69
3.3.1 Decision hierarchy	69
3.3.2 Surveys and matrix consistency.....	71
3.3.3 Preferences of stakeholder about criteria and objectives	73

3.3.4	Global priorities of action plans	77
3.4	Discussion and conclusions	79
	Acknowledgments.....	82
CHAPTER 4	A New Collaborative Methodology for Assessment and Management of Ecosystem Services	83
	Abstract.....	83
4.1	Introduction	84
4.2	Methodological approach	88
4.3	A collaborative process to manage and assess Ecosystem Services.....	90
4.3.1	Decision makers, technical staff and other stakeholders	90
4.3.2	Performance measures for Ecosystem Services and elicitation of preferences	93
4.3.3	Determining new indicators for assessing Ecosystem Services.....	94
4.4	Case study	96
4.4.1	Natural park network in the Valencian Community	96
4.4.2	Network survey, data analysis and results	97
4.4.3	Main Ecosystem Services hierarchy and preferences elicitation	100
4.4.4	Obtaining new indicators.....	103
4.5	Discussion	109
4.6	Conclusions	114
	Acknowledgments.....	115
CHAPTER 5	Valuing Ecosystem Services through Multiple Criteria Decision Making and Bayesian Belief Networks	117
5.1	Multiple Criteria Decision Making	117
5.2	Bayesian Belief Networks	120
5.3	Multiple Criteria Decision Making and Bayesian Belief Networks: a comparative analysis	121
5.4	The SIMWOOD project	123
5.5	Conclusions	126
CHAPTER 6	General discussion of results.....	129

CHAPTER 7 Conclusions	137
References.....	143
Annexes	165
Annex I Glossary of abbreviations.....	167
Annex II Questionnaire for the survey carried out to elicit the stakeholders' preferences about criteria and objectives for sustainable and participatory management of the forests of the Valencian Community	173
Annex III Questionnaire for the survey carried out amongst forest experts to quantify the contribution of the action lines to different objectives for forest management in the Valencian Community	183
Annex IV Goal Programming models to aggregate stakeholders' preferences from comparison matrices and to obtain weights of criteria	199
Annex V Questionnaire for the survey to identify the preferences for Ecosystem Services in the natural park network of the Valencian Community	203
Annex VI Questionnaire for the survey carried out amongst stakeholders to obtain the weights of the criteria for collaborative management and valuation of ecosystem services of the Serra d'Espadà natural park	209
