# Dos formas de acceso y de trabajar con Mendeley

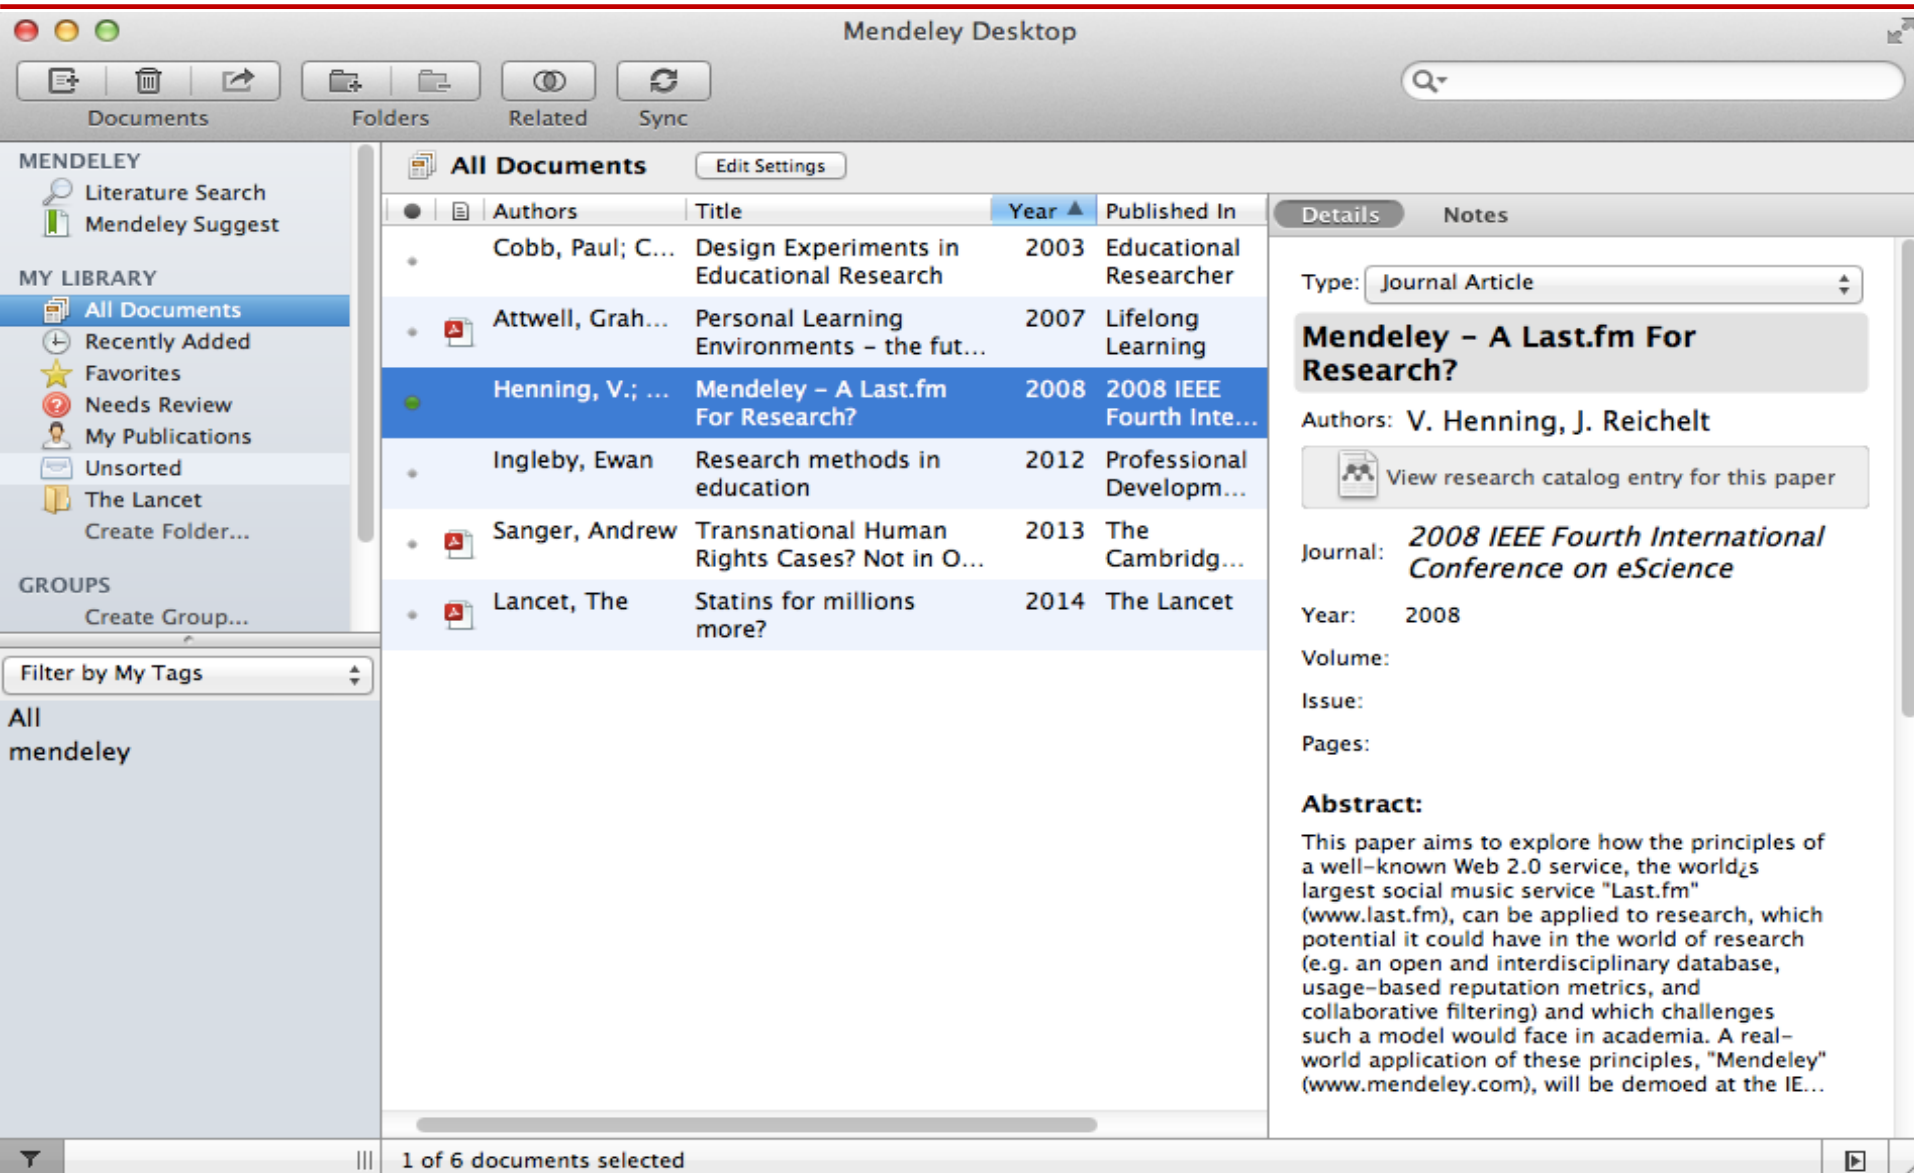

## Mendeley Desktop (mucho más potente, todas las funciones)

## Mendeley Web

# Mendeley Desktop: Vista presentación

The screenshot shows the Mendeley Desktop application window. The title bar reads "Mendeley Desktop". Below the title bar is a toolbar with icons for Documents, Folders, Related, and Sync. A search bar is located in the top right corner.

The left sidebar contains the following sections:

- MENDELEY**
  - Literature Search
  - Mendeley Suggest
- MY LIBRARY**
  - All Documents (selected)
  - Recently Added
  - Favorites
  - Needs Review
  - My Publications
  - Unsorted
  - The Lancet
  - Create Folder...
- GROUPS**
  - Create Group...

At the bottom of the sidebar, there is a "Filter by My Tags" dropdown menu and the text "All mendeley".

The main area displays a list of documents under the heading "All Documents" with an "Edit Settings" button. The list has columns for Authors, Title, Year, and Published In. The selected document is:

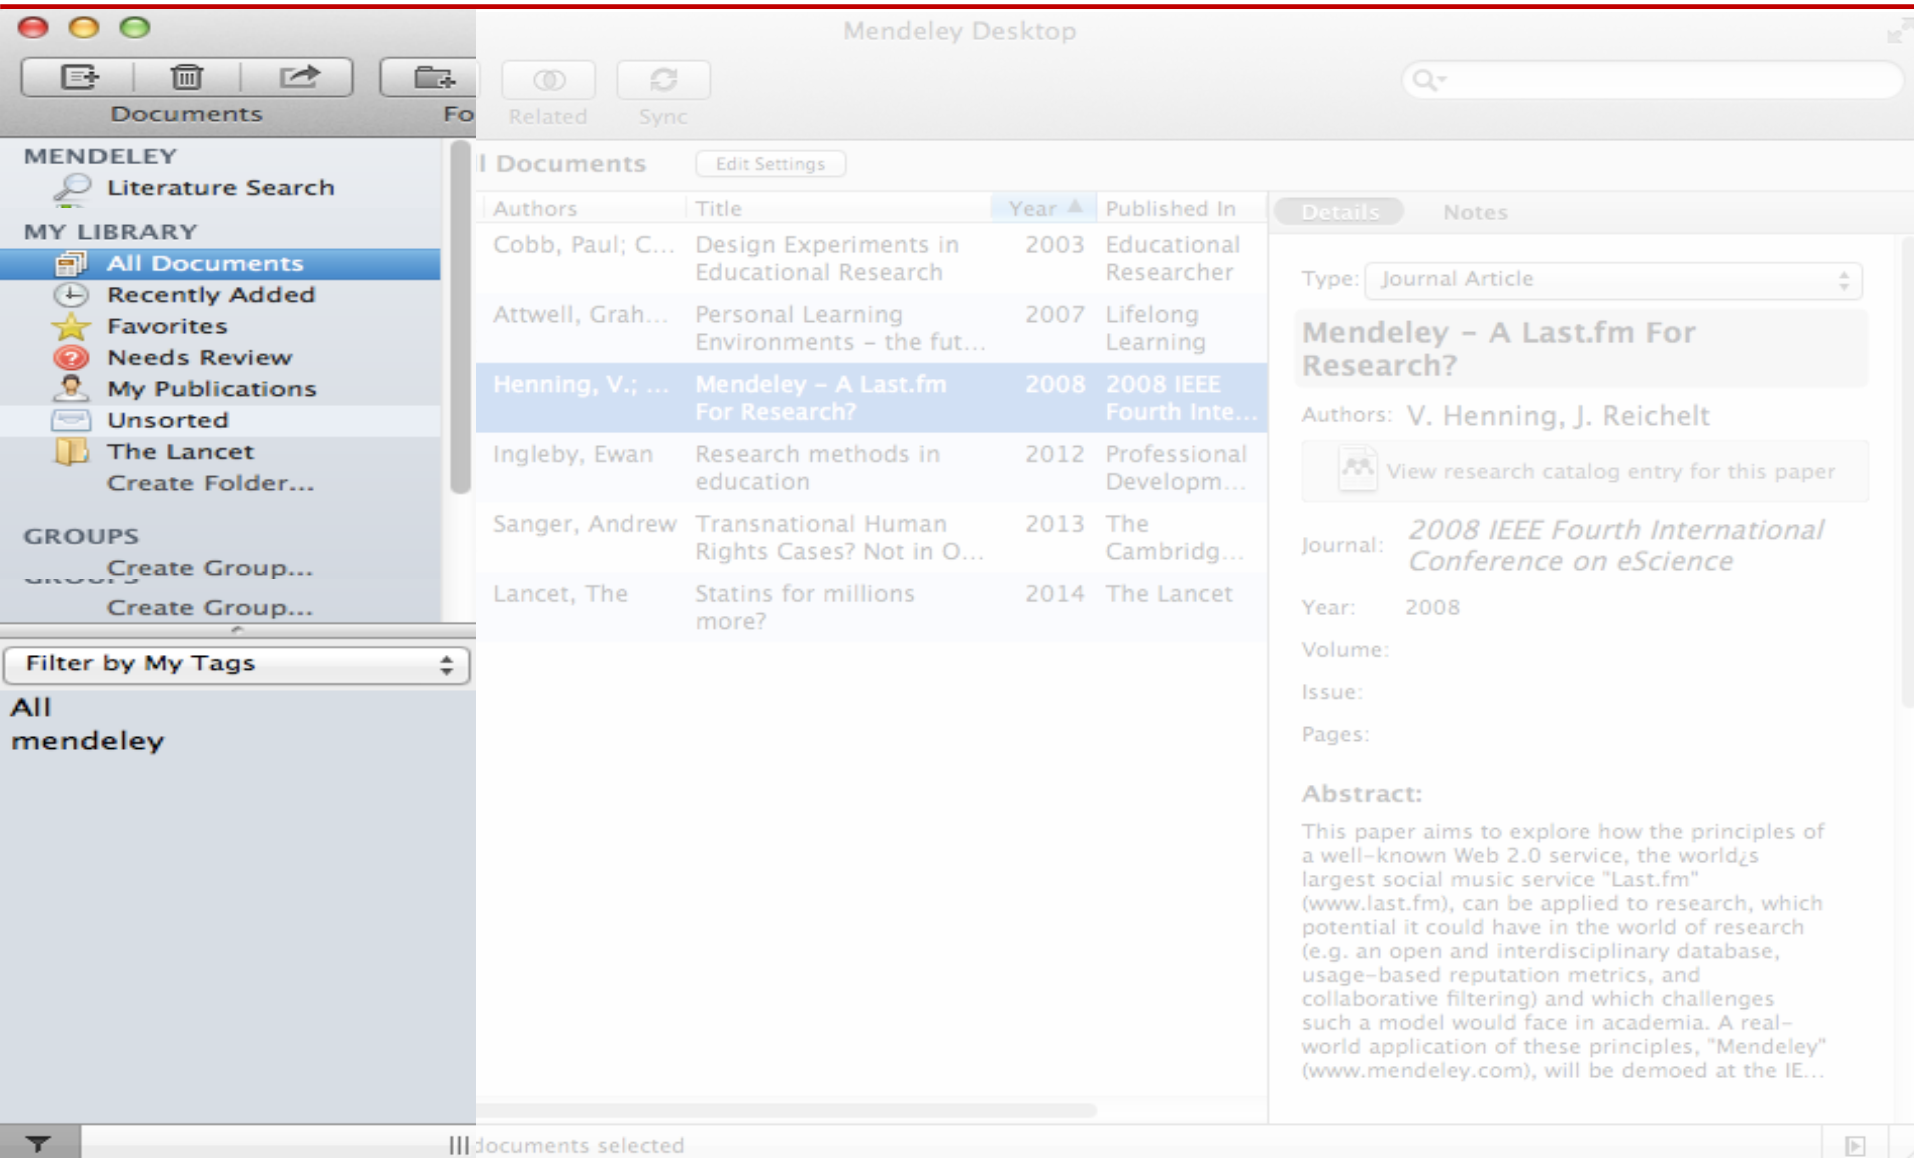

Authors	Title	Year	Published In
Cobb, Paul; C...	Design Experiments in Educational Research	2003	Educational Researcher
Attwell, Grah...	Personal Learning Environments - the fut...	2007	Lifelong Learning
Henning, V.; ...	Mendeley - A Last.fm For Research?	2008	2008 IEEE Fourth Inte...
Ingleby, Ewan	Research methods in education	2012	Professional Developm...
Sanger, Andrew	Transnational Human Rights Cases? Not in O...	2013	The Cambridg...
Lancet, The	Statins for millions more?	2014	The Lancet

The right pane shows the details for the selected document. It includes a "Details" tab and a "Notes" tab. The "Details" tab shows:

- Type: Journal Article
- Mendeley - A Last.fm For Research?**
- Authors: V. Henning, J. Reichelt
- Journal: *2008 IEEE Fourth International Conference on eScience*
- Year: 2008
- Volume:
- Issue:
- Pages:
- Abstract:**  
This paper aims to explore how the principles of a well-known Web 2.0 service, the world's largest social music service "Last.fm" (www.last.fm), can be applied to research, which potential it could have in the world of research (e.g. an open and interdisciplinary database, usage-based reputation metrics, and collaborative filtering) and which challenges such a model would face in academia. A real-world application of these principles, "Mendeley" (www.mendeley.com), will be demoed at the IE...

At the bottom of the window, a status bar indicates "1 of 6 documents selected".

# Añadir documentos. Drag and Drop (arrastrar y soltar)

The screenshot illustrates the 'Drag and Drop' process in Mendeley Desktop. On the left, a document titled 'Learning to Count Cells: Applications in Electron Imaging of Large Fields' is shown in a file explorer. A red arrow indicates it is being dragged into the Mendeley Desktop application window. Inside the application, the document is being dropped into the 'All Documents' list, which is currently filtered by the tag 'mendeley'. The application interface includes a sidebar with navigation options like 'Literature Search', 'Mendeley Suggest', and 'MY LIBRARY'. The main area displays a table of documents with columns for Authors, Title, Year, and Published In. The selected document is 'Mendeley - A Last.fm For Research?' by Henning, V.; Reichelt, J., published in 2008. The right sidebar shows details for this document, including its type (Journal Article), authors, journal name ('2008 IEEE Fourth International Conference on eScience'), and an abstract.
