LIST OF ACRONYMS 23

1. INTRODUCTION 25
   1.1 Biological control 28
   1.2 Biocontrol agents: sources and mechanisms of action 30
   1.3 Yeasts as biocontrol agents 41
   1.4 Enhancement of biocontrol agents 45
   1.5 Edible coatings 50
   1.6 Formulation of biocontrol agents 64

2. OBJECTIVES 119

3. CHAPTERS 123
   CHAPTER 1 125
   Effect of different coating-forming agents on the efficacy of the biocontrol agent Candida sake CPA-1 for control of Botrytis cinerea on grapes

   CHAPTER 2 155
   Properties of coating-forming biopolymer dispersions and films used as carriers of the biocontrol agent Candida sake CPA-1

   CHAPTER 3 193
   Stability of biocontrol products carrying Candida sake CPA-1 in starch derivatives as a function of water activity

4. GENERAL DISCUSSION 225

5. CONCLUSIONS 237
