Viruses 2018 - Breakthroughs in Viral Replication

Welcome from the Conference Chair

Dear Colleagues,

It is with great pleasure that I announce the conference "Viruses 2018: Breakthroughs in Viral Replication" to be held in Barcelona, Spain 7-9, February, 2018. The importance of viruses to human health has never been more apparent, and significant progress is being made in understanding virus replication, structure, transmission, pathogenesis, and antiviral immunity. This conference will bring together leading virologists from around the world to share their recent findings. Meeting participants will have the opportunity to present posters and short talks on their work and discuss their research in a relaxed, collegial environment.

MDPI introduces single sign on
MDPI has moved to a single sign on system for all of its projects. This means that you can use the same credentials on all MDPI websites, including mdpi.com (susy), preprints.org and sciforum.net. Your old Sciforum credentials will continue to work in Sciforum. Please note that the next time you update your password for any of the projects, it will affect your login credentials for other MDPI projects.

The 1st International Electronic Conference on Atmospheric Sciences (ECAS 2016) Closed and Proceedings Published
The 1st edition of the ECAS 2016 was closed on 31 July 2016. We would like to thank all participants for their contribution and input. All the proceeding papers can be read and downloaded [online](#). The proceedings are also available in [CD-ROM](#) format.

MDPI Sciforum

The image displays four overlapping screenshots of the Sciforum website interface:

- Top Screenshot:** Shows the main navigation menu with 'Conferences' highlighted. The tagline is 'The platform for open scholarly exchange and collaboration.' A search bar is visible in the top right.
- Second Screenshot:** Shows the 'Conference Series Hosted on Sciforum' page, listing events like '2016 International Conference on Advanced Manufacturing (ICAM2016)'.
- Third Screenshot:** Shows the 'All discussion groups' page, listing groups such as 'development of Sensors' and 't Drugs'.
- Fourth Screenshot:** Shows the 'Comments on scientific papers' page, featuring a search bar for DOI, keyword, author, etc., and a list of articles with their respective comment counts.
- Fifth Screenshot:** Shows the 'SciFeed: Your Customizable Scientific Feed' page, which includes a form to create a new feed by entering keywords.

MDPI Preprints

MDPI Preprints

The screenshot shows the MDPI Preprints website homepage. At the top, there is a navigation bar with the 'preprints' logo, links for 'POLICY & PROCESS', 'INSTRUCTIONS FOR AUTHORS', 'SUBJECT AREAS', 'ADVISORY BOARD', 'ABOUT', and 'IMPRINT'. A search bar is located on the right, with a 'Submit preprint' button and links for 'LOGIN' and 'REGISTER'. Below the navigation bar, the main heading reads 'The Multidisciplinary Preprint Platform'. A search filter bar includes 'All years', 'All', 'Keyword/Title', 'Author', 'Subject Categories', and 'Subjects'. A central menu lists various subject areas: All Subjects, Arts & Humanities, Behavioral Sciences, Biology, Chemistry, Earth Sciences, Engineering, Life Sciences, Materials Science, Mathematics & Computer Science, Medicine & Pharmacology, Physical Sciences, and Social Sciences. A 'SUBMIT YOUR PREPRINT' button is positioned below the menu. The main content area is divided into three sections: 'JUST RELEASED PAPERS' with an RSS icon, 'NEWS & ANNOUNCEMENTS', and 'Top Read and Downloaded Preprints'. Each section contains a list of recent papers or news items with brief descriptions and dates.
