

Amiibo World

Official Player's Guidebook

By USAGI

MEMORY 01
YEAR OF THE SKIP

Sunlight scatters through the
kitchen window. You are
barefoot and the floor is cold.
An unknown object sits atop
the table. You walk closer.

It is your new
USAGI computer, blinking
and alive.

1. Setting up

To get started, turn on your Synapser and input your name, birthday and timezone on the screen.

2. Output

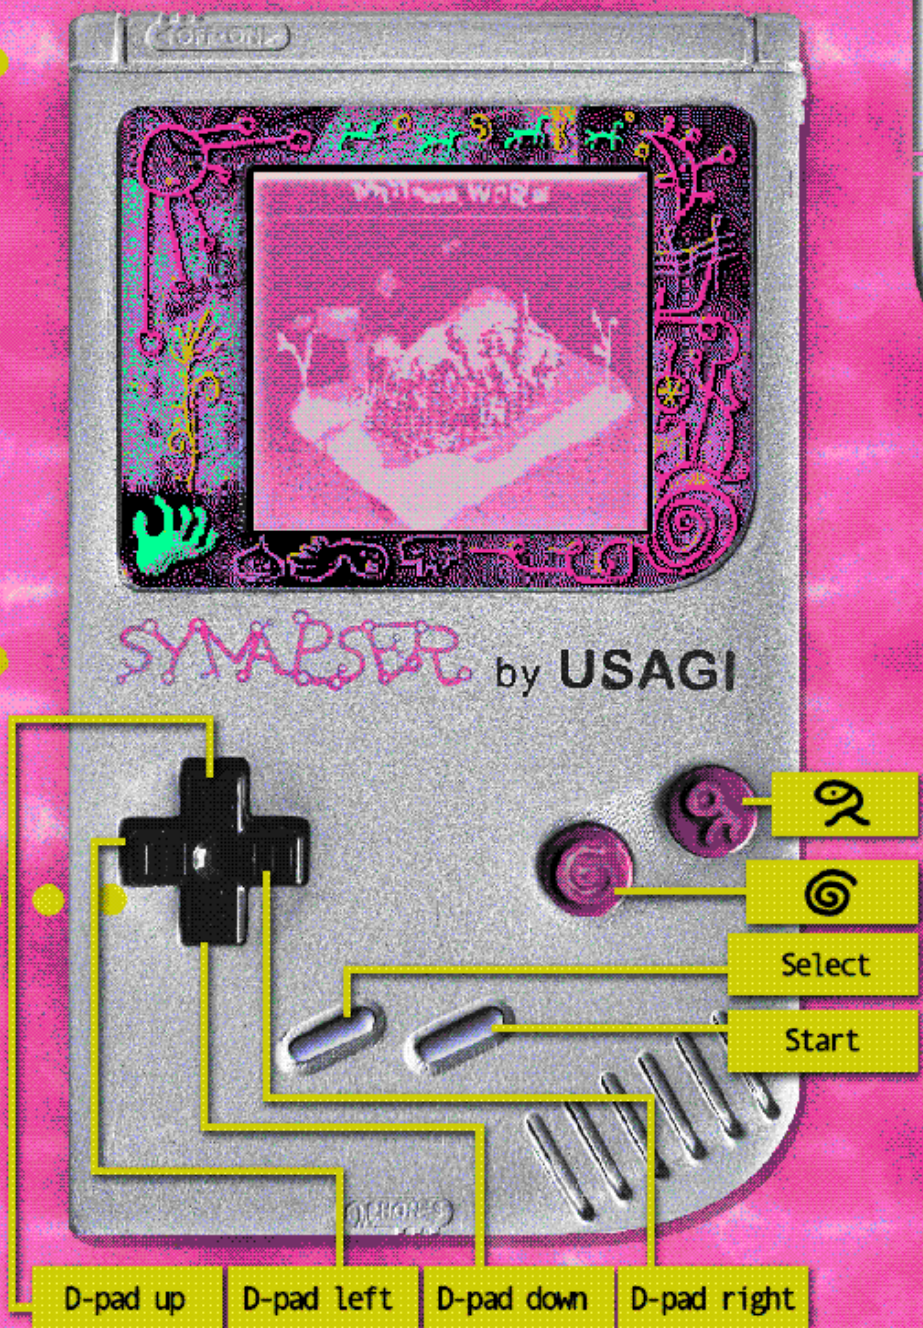

Connect your Synapser to a computer via the port at the left side. A website will pop up. Enter the secret password:

3. Controls

Use the D-pad to move around. Combine it with the  or  buttons to make special moves. Press  or  alone to open your inventory and interact.

Equip

TOY

Toys are people too. Equip a toy and it will help you in battle. Take care of it and it might give you something in return...

SOUL

Your soul is a gift. When you change it, you get different powers. It can be altered with time so make sure to choose a good, strong soul.

TOOL

You can use tools to do specific things like climb, build, fly, etc. Make them yourself or find them by looking around.

When you encounter someone or something, use hand gestures to interact with them. Combine different gestures to trigger specific events.

Enter~

HORSE ORacles

Tammie Baby

Sunclap

Berryskull

Ezekiel

Glitter Slime

You have entered the
Horse Oracle's domain.
A horse will choose you
depending on your soul.
Ride off into the distance
of cyberspace and listen
to its neighs. You might learn
something of importance...

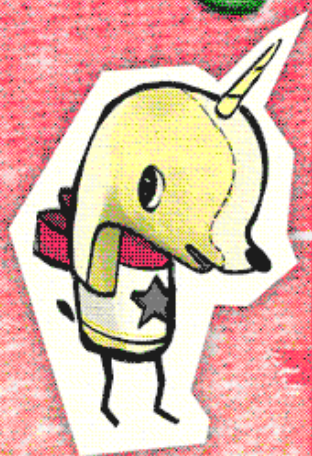

Explore the Time realms where unique creatures await. Fill your will container with pink sand by taming more creatures until it's full.

Each creature is unique, with its own distinct behaviors and preferences. Tamed creatures can be summoned for assistance in encounters and exploration

Greetings, adventurer! Gather ingredients and use the right one on each creature to earn their trust and add them to your island.

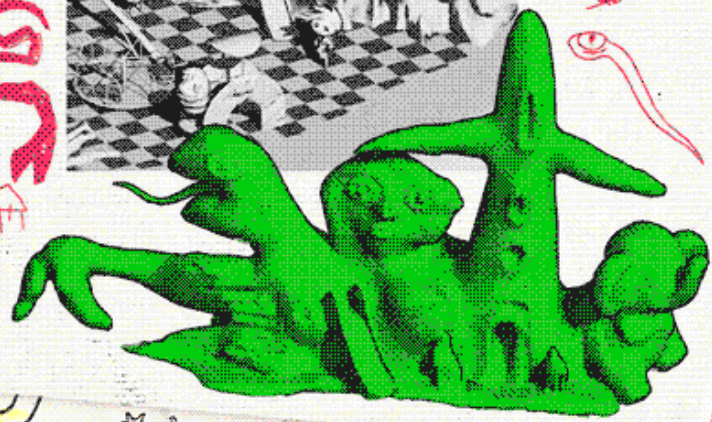

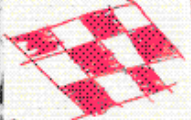

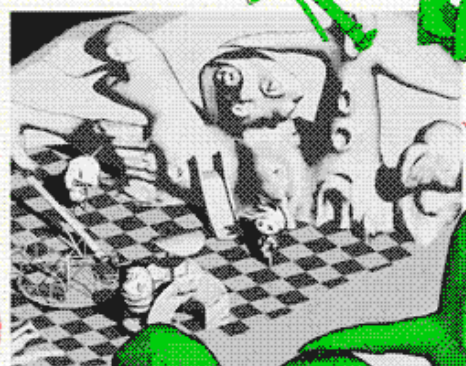

Tame them all, and something special may appear in the ancient tree...

TAKE CARE OF YOUR FRIENDS

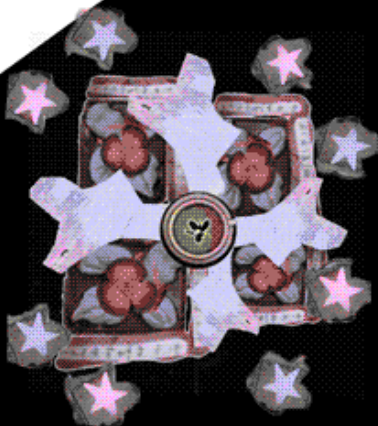

- Monitor their happiness, hunger, and energy levels by tapping the status icon ➡ 
- Interact by tapping the chat icon, keeping them entertained and happy ➡ 
- If they feel insecure, change their appearance by selecting the wardrobe icon. There is a lot of patterns and colors to choose from! ➡ 

The "shadow" is a hidden power
within you.

It's hard to see but holds a
mysterious energy.

Project your power
into the mysterious
world of the shadow
play, where every
creature's shadow
has a role. Use your
shadow's unique
abilities to solve
puzzles, help
others, and uncover
the secrets of the
Shadow Puppeteer.

Capture shadow
appearances with the
night-journal.
Illuminating enough
shadows may
transform them into
keys!

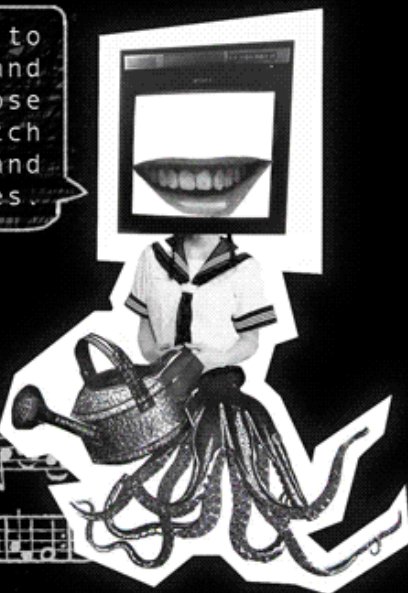

Experiment with combinations of gestures, souls, and tools to discover all possible events and outcomes!

Pay attention to character souls and personality to choose actions that match their nature and preferences

Unlock their special moves by successfully performing the right actions, which can be used in gameplay for unique advantages

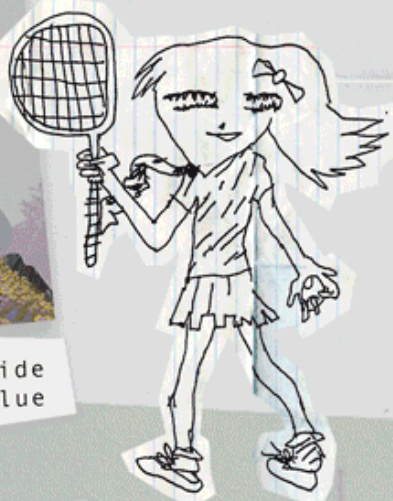

Find new friends!
Collect different types of flowers

Find new friends!
Collect different types of flowers

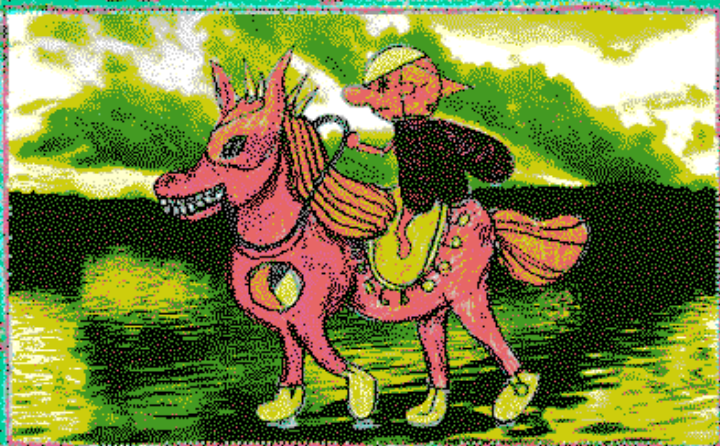

Engage in a thrilling game of hide and seek to uncover the true value of friendship! <3

Discover where your friends are hiding
Uncover Clues
Complete the Quest by obtaining all the flowers

THE RIDER SAYS

"In the midst of suffering,
lift the beauty out of the
mountain, raise the non-juice,
raise the state to open, talk about
the pavillion egg, come out of
the sudden less, and join the ugly
sand"

Fill the voids of The
Museum of Missing Pieces

While exploring the
various worlds in the
game, you have an
additional task to
complete

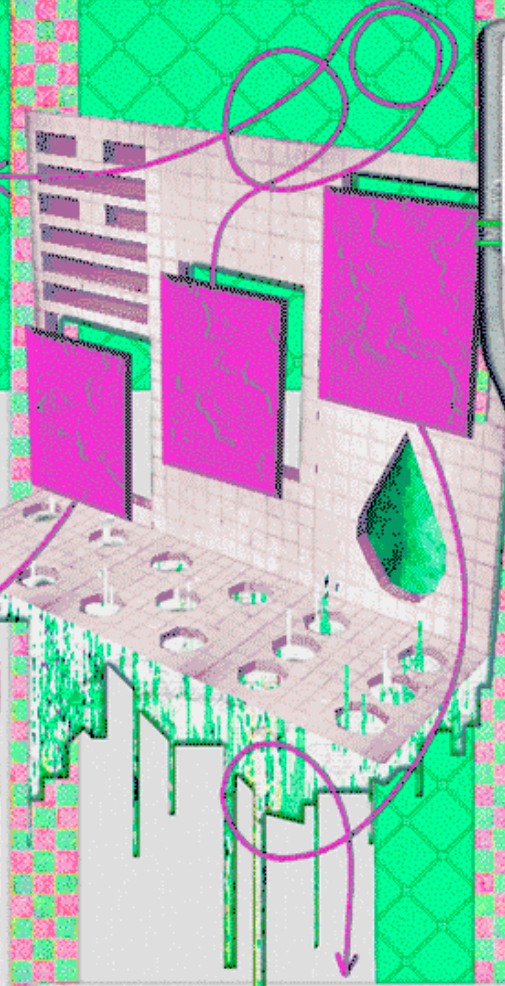

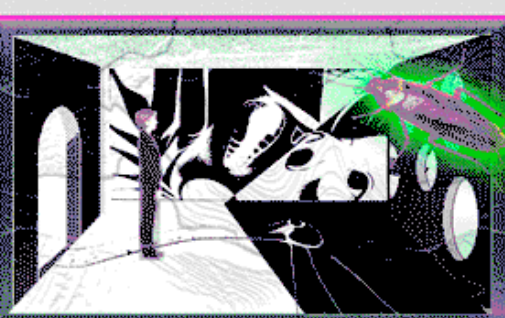

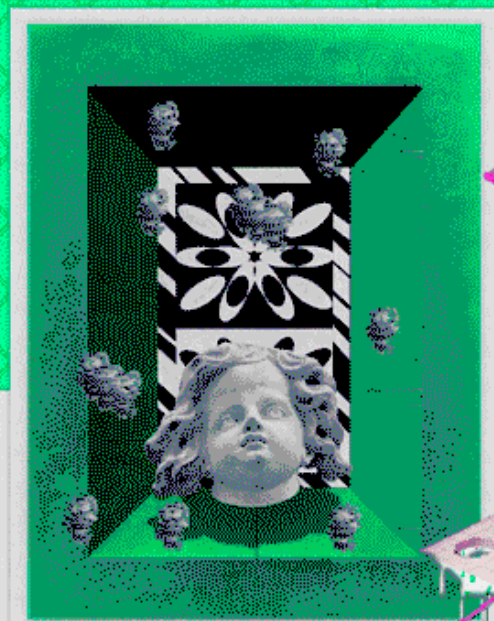

Each piece you
find will help
restore the
museum.

Search
thoroughly
to make
sure no
piece is
left
behind!

Find them as you
journey through
all the realms
of *myroom.world*

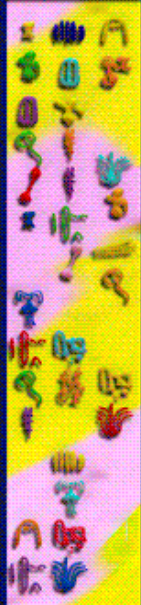

ROYGBIV LAND

Visit the vibrant ROYGBIV LAND,
home to a variety of fascinating inhabitants

የብርሃኑ ብርሃን

Meet the residents, each made from different types of clay, which influence their moods and behavior

Decode the Language

Engage with the clay people and try to understand their unique language, "roygbivirish."

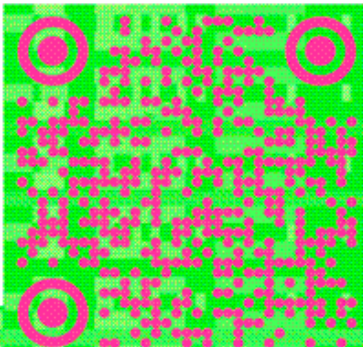

This book is the Final Degree Project
of Andrés Cuesta and Júlia Monge.
It was edited and published in 2024 at
the Faculty of Fine Arts of Sant Carles,
Polytechnic University of Valencia.
