**Renovation of Moldevej 29-39
Client: Jørgen Nielsen, Arc. Investment Ltd.**

We are writing to you because we are going to refurbish Moldevej 29, and in that respect we would like to get permission to erect scaffold on the street side. The scaffold will be made in such a way that the pedestrians can walk under the scaffold without any danger for crash. The time period will be from the beginning of January 2011 to the end of June 2010

We will provide necessary signs and lighting to ensure safe traffic around the site.

Please send confirmation and approval to the address below.

With kind regards.
