**Renovation of Moldevej 29-39, 7100 Vejle
Client: Jørgen Nielsen, Head of department**

Dear neighbor

We are writing to you because we are going to refurbish Moldevej 29-39, and in that respect we would like to get permission to use your land in the courtyard, so that we can get our building materials into the courtyard that way. If something will be damaged in that respect, we would of course defray the expenses.

The work on the building will take place in normal working hours and none at the weekends.

The time period will be from the beginning of January 2011 to the end of June 2011

With kind regards.
