

Contents

Chapter 1	
General introduction	1
Chapter 2	
Objectives	15
Chapter 3	
Synthesis and characterization of ultrasmall superparamagnetic iron oxide nanoparticles (USPIONs)	21
Chapter 4	
Design of an optimized synthetic protocol for the preparation of monodisperse core-shell magnetic mesoporous silica nanoparticles	53
Chapter 5	
Structural characterization of core-shell magnetic mesoporous silica nanoparticles	117
Chapter 6	
General conclusions	165
