

Table of contents

Acknowledgment.....	III
Abstract.....	IV
Resumen.....	VI
Resum.....	VIII
Nomenclature.....	XV
Abbreviation.....	XXI
List of tables.....	XVII
List of figures.....	XIX
CHAPTER 1.....	1
1 - Introduction	3
1.1 – Problem Description.....	3
1.2 – Subject to be addressed.....	6
CHAPTER 2.....	8
2- Background and literature review.....	9
2.1 – Introduction of LCA.....	9
2.1.1 – Environmental assessment of products and services.....	9
2.1.2 – LCA: ISO standard and methodology.....	12
2.1.3 – ILCD: the international reference of Life Cycle Data System.....	15
2.1.4 – Advantages and limitations of LCA.....	17

2.1.5 – Origin acceptability of data quality.....	20
2.1.6 – Attribitional and consequential LCA.....	21
2.1.7 – LCA detail level application.....	23
2.1.7.1 – Simplified LCA.....	23
2.1.7.2 – Complete or detailed LCA.....	24
2.1.8 – Eco-labels perspective.....	25
2.1.9 – Environmental product declaration and certification.....	28
2.1.10 – Impact assessment in LCA.....	37
2.2 – Stakeholder theory and social network analysis applied to environmental issues.....	43
2.2.1 - Stakeholder concept.....	43
2.2.2 - Stakeholders management.....	44
2.2.3 - Stakeholders analysis.....	44
2.2.4 - Research of stakeholder analysis and external stakeholder influence.....	45
2.2.5 – Stakeholders in Life Cycle Assessment.....	46
2.2.5.1 – Stakeholders identification.....	50
2.2.5.2 – Research on stakeholder behaviour.....	52
2.3 – Social Network Analysis (SNA).....	54
2.3.1 – Social Networking (SN).....	54
2.3.2 – Social Networking: Contents.....	56
2.3.3 – Social Networking: Topology.....	57
2.3.4 – Social Networking: Relationship.....	58
2.3.5 – Estimating relatives rates and network structure	58
2.3.6 – Advantages and disadvantages of SNA.....	60
2.3.7 – Social Network Analysis of LCA stakeholders.....	60
2.4 – Life Cycle Assessment oriented to Agri-food industry (Phase 2)...	61

2.4.1 – Introduction to Agri-food industry.....	61
2.4.2 – Stakeholders in the Agri-food industry.....	62
2.4.3 – Literature review of Life Cycle Assessment studies in the Agri-food industry.....	63
CHAPTER 3.....	66
3 – Goals and hypothesis.....	67
CHAPTER 4.....	70
4 – Methodology.....	71
4.1 – General research strategy.....	71
4.2 – Research methodology	71
4.2.1 – Phase 1: People and process assessment.....	73
4.2.1.1 – Data exchange.....	73
4.2.1.1.1 – Expert selection.....	73
4.2.1.1.2 – Interview guide development.....	74
4.2.1.1.3 – Experts interviewing.....	75
4.2.1.1.4 – Analysis of information.....	76
4.2.2 – Social Network Analysis (SNA): stakeholders communication and relationship assessment.....	76
4.2.2.1 – Surveys.....	77
4.2.2.2 – Experts` relationship matrix generarion.....	78
4.2.2.3 – Graphical representation of results.....	79
4.2.3 – Comparison between Brazil and Spain.....	79
4.3 – Phase 2-Quality and quantity of information assessment.....	80

4.3.1 – Evaluation variables identification.....	80
4.3.2 – Critical review.....	80
4.3.3 – Analysis of the independency between variables.....	81
4.3.4 – Information measurement enclosed in LCA studies.....	81
4.3.5 – LCA works Clustering.....	83
4.4 – Roadmap and good practices definition.....	83
CHAPTER 5.....	85
5 – Results.....	87
5.1 – Interviews with LCA stakeholders in Brazil.....	87
5.1.1 – Surveys and social network analysis of Brazilian LCA stakeholders	93
5.1.2 – Centrality degree of LCA stakeholders in Brazil.....	94
5.1.3 – Betweenness index of Brazilian LCA network.....	95
5.1.4 – Closeness index of Brazilian LCA network.....	96
5.2 – Interviews with LCA stakeholders in Spain.....	97
5.2.1 – Surveys and social network analysis of Spanish LCA stakeholders.....	104
5.2.2 – Centrality degree of LCA stakeholders in Spain.....	105
5.2.3 – Betweenness index of Spanish LCA network.....	106
5.2.4 – Closeness index of Spanish LCA network.....	107
5.3 – Comparison of LCA stakeholder`s network in Brazil and Spain.....	108
5.4 – Results of critical review literature of Agri-food sector (phase 2).....	110
5.4.1 – Analysis of variables.....	117
5.4.2 – Analysis of independency between variables.....	133
5.4.3 - Analysis of variance.....	138

5.5 – Clustering evaluation.....	141
5.5.1 – Importance of grouping variables.....	143
5.5.2 – Importance of grouping variables in each cluster.....	144
5.5.2.1 – Description of cluster 1.....	147
5.5.2.2 – Description of cluster 2.....	149
5.5.2.3 – Description of cluster 3.....	151
5.5.2.4 – Description of cluster 4.....	153
5.6 – Roadmap and manual of good practices.....	155
5.6.1 – Roadmap.....	155
5.6.2 – Manual of good practices.....	156
5.6.2.1 – Performance levels definition.....	157
CHAPTER 6.....	160
6 – Discussion.....	161
6.1 – Discussion on the people and process assessment (phase 1).....	161
6.2 - Discussion on the quality and quantity information assessment in Agri-food sector (phase 2).....	163
6.3 – Roadmap and manual of good practices (phase 3).....	174
6.4 – Limitations.....	177
CHAPTER 7.....	178
7 – Conclusions and further research.....	179

CHAPTER 8.....	182
8 – References.....	183
9 – Appendix.....	213
Appendix 1 - List of individuals clustering graphs.....	213
Appendix 2 - List of experts interviewed.....	226
