

Table of contents

ACKNOWLEDGMENTS.....	I
ACRONYMS	VIII
TABLE OF CONTENTS.....	X
LIST OF FIGURES.....	XII
LIST OF TABLES	XIII
CHAPTER 1. INTRODUCTION AND OBJECTIVES	1
1.1 Introduction	1
1.2 Objectives and research questions.....	3
1.3 Contents of the Thesis	4
References	6
CHAPTER 2. METHODS AND CONCEPTS	9
2.1 Non-Tariff Measures in agri-food trade	9
2.2. Euro-Mediterranean integration: Basic agreements on agri-food trade with the Mediterranean Partner Countries	11
2.3. Methodological framework and data sources.....	13
2.3.1. Methodological framework	13
2.3.2. Data sources	13
2.3.3. Count data models.....	15
2.3.4 The concept of reputation.....	18
References	20
CHAPTER 3. SANITARY AND PHYTOSANITARY MEASURES IN AGRIFOOD IMPORTS FROM THE EUROPEAN UNION: REPUTATION EFFECTS OVER TIME.....	26
3.1. Introduction	26
3.2. The notion of reputation.....	28
3.3. Methodology and model specification	36
3.4. Results	39
3.5. Conclusions	44
References	47
CHAPTER 4. IMPLICATIONS OF CHANGING AFLATOXIN STANDARDS FOR EU BORDER CONTROLS ON NUT IMPORTS	54
4.1. Introduction	54
4.2. Aflatoxins and nuts in the EU.	57
4.3. Conceptual framework	61
4.4. Data and estimation procedure.....	65
4.5. Findings and discussion	68
4.6. Conclusion.....	71
References	72
CHAPTER 5. EXPLORING EU FOOD SAFETY NOTIFICATIONS ON AGRO-FOOD IMPORTS: ARE MEDITERRANEAN PARTNER COUNTRIES DISCRIMINATED?	80

5.1. Introduction	80
5.2. Reputation effects and hypotheses	82
5.3. Data and methodology	86
5.4. Results and discussion.....	89
5.5. Concluding remarks	95
References	97

CHAPTER 6. FOOD SECURITY, COMPETITIVENESS AND TRADE: THE CASE OF TUNISIAN AGRICULTURE.....	105
6.1. Introduction	105
6.2. Agri-food sector, trade and DCFTA in Tunisia	107
6.3. Methodology: measuring the competitiveness of Tunisian agri-food products.....	114
6.4. Results and discussion.....	115
6.5. Conclusion and policy implications	117
References	120

GENERAL DISCUSSION.....	124
CONCLUSIONS.....	132
ANNEX.....	138
